RE: Ellison for Congress (C00422410)

Dear Mr. Holly:

This is in response to your letter dated January 17, 2013, concerning the 30 Day Post-General Report (10/18/2012 ? 11/26/2012) of Ellison for Congress (the "Committee"). We have filed an amended 30 Day Post-General Report in response to the items you have addressed in your letter.

The difference in Column B was caused by a software programming error in a new database program. The software engineers have corrected the reporting error. The amended report includes the correct calculation of Column B.

You have inquired about one or more contributions received after the general election that were designated for the general. We have reviewed these contributions. The Committee received one check after the election that was properly designated to the general. We discovered several contribution checks that were improperly designated to the general. We have changed the designation of those contributions to the primary and reported them on the amended report. In addition, we have implemented a system to run regular tests of the database to make sure contributions are being properly designated.

We hope that this information adequately addresses your questions. If you need any further information, please do not hesitate to contact me.

Very truly yours,

Carla Kjellberg
Treasurer
